Performance you expect.

Reliability you deserve.

NEW!

Bond-PR®

Universal Adhesive

You will appreciate the performance and reliability of Bond-PR® universal adhesive. This versatile solution delivers high-strength adhesion across all restorative substrates[1-4] with the flexibility to work seamlessly in any etching technique.[2-5]

Its 10-MDP-enhanced formulation ensures durable bonding to zirconia[1-3] and ceramics – no separate primers required.[1-5]

The results are a streamlined workflow that delivers predictable outcomes you can rely on.

Order through your authorized dealer.

Contains 10-MDP
For bonding to zirconia[1] and hydroxyapatite in enamel and dentin[1,7]

Universal Compatibility
Optimized for use with all restorative substrates.[1-5]

Streamlined Workflow
Eliminates need for separate primers or activators.[1-5]

Reliable Performance
Delivers high, dependable bond strength you can rely on.[1-5]

Reduced Sensitivity
Lowers post-operative sensitivity in self-etch mode.[6]

One Product, All Techniques
Compatible with self-, selective-, and total-etch.[2-5]
